

HOLLI'S FAVORITE VENDORS

lodging

In Mountain Village we refer brides to Capella, Lumiere and the Mountain Lodge. Capella is a new full service hotel in the village plaza, the rooms and dining are top notch. Lumiere is a boutique hotel, a beautiful small hotel with fantastic amenities. The Mountain Lodge has many room and cabin options and a beautiful outdoor pool area.

In the town of Telluride, The Hotel Telluride offers elegant rooms with individual fireplaces and the Historic New Sheridan Hotel's ten million dollar recent remodel, which has garnered excellent reviews! Among the finer places to stay in town, both the Hotel Telluride and The New Sheridan hotels offer main street amenities and fantastic dining including the New Sheridan Chop House, Rustico Restaurante, and La Marmotte to name only a few.

photographers

We love working locally with Alpine Wedding Photographers and Melissa Plantz. Alpine Wedding Photographers, Chris Giles and Randy Barns, have a background in adventure photography but within the past five years have set their focus on wedding photography. They are masters of light and with two of them, they are able to capture many moments. Melissa's photography background is in photo journalism—you definitely see the story of your day in her work. Many of her black and white images are "take your breath away beautiful." They make me want to get married again just to have that shot.

officiants

Our favorite officiant in Telluride, is Pastor Tree Cooper of the Alpine Chapel who brings a calmness & warmth to the ceremony—but a wonderful humor that lights up the day.

florist

Willow Creek Floral and Siempre Flores are our local favorites. They both have wonderful creativity and really know what works in our venues. They always get it right.

rehearsal dinner locations

Gorrano Ranch and Allred's Restaurant are both perfect for the actual wedding day, but they can also be wonderful locations for rehearsals if another site has been selected for the wedding. For a downtown location, the New Sheridan Chop House is the hot spot. Guests love the big city feel in the small quaint mountain town. For a casual event, town park is perfect for a catered picnic. The Ah Haa School also offers the historic Depot as an event location—it has a prime location right on the river shaded by huge old willow trees.

spas

My personal favorite is Atmosphere located at the base of the gondola. Ask for local favorite, Corrine Scheckengost, but all the girls are great. For skin care, Ginger at Studio G gets great reviews, her facials are the best in town with all natural product lines.
